

HEALTH CARE TRANSITION STEERING COMMITTEE
January 12, 2010 Meeting Summary
1:00 pm – 3:00 pm

Attendance:

- David Wood, Co director, Jacksonville Health and Transition Services program (JaxHATS); Professor of Pediatrics UF; Co director of Center for Health Equity and Quality Research
- Donna Zahara, Ph.D, ANRP – Chair of Nursing Practice, Nemours Children’s Clinic
- Jerry A. Bridgham, MD - Chief Medical Officer - Wolfson Children's Hospital
- Sherry Buchman, RN, Nursing Director-Children's Medical Services
- Charlotte Temple, ARC
- Rebecca Filipowicz, MPH, MS, CHES Coordinator for the Center for Health Statistics, Institute for Public Health Informatics and Research, Duval County Health Department

The committee met at Children’s Medical Services (CMS).

Rebecca tried to get Janet Hess via teleconference but was unable to get clear communication.

The committee discussed the invitation letter that went out to list of participants and were still in agreement that the group is lacking adult providers. David Wood discussed first coalition meeting for HillsboroughHATS.

The committee discussed the agenda for the first coalition meeting. David Wood will do the introduction to the project/coalition first on the agenda. It was discussed that it would be beneficial for David to discuss other models of health transition care to the coalition.

Rebecca Filipowicz will do the introduction to the MAPP process and go over a timeline for the project. David and Rebecca will put data slides together but will not be as comprehensive as that given at the Hillsborough meeting.

Rebecca Filipowicz mentioned that the Center for Health Statistics does a quarterly public health trends column for the DCMS journal and that the committee should do the next one on health care transition and mentions the creation of the coalition.

The committee discussed the visioning exercise for the coalition meeting and the most appropriate way to do that. Rebecca will get other vision statements to bring to the coalition meeting. The committee decided to go with the method of brainstorming while someone writes a draft vision. The coalition will then decide what is missing from the statement and then it will be tweaked from there.

Rebecca will hand out an evaluation at the end of the meeting and ask best days/times for folks to attend the future meetings.

Rebecca will send out doodle poll for the next steering committee meeting.
