

HEALTH CARE TRANSITION STEERING COMMITTEE
February 9, 2010 Meeting Summary
10:00 pm – 11:30 pm

Attendance:

- Jerry A. Bridgham, MD - Chief Medical Officer - Wolfson Children's Hospital
- Sherry Buchman, RN, Nursing Director-Children's Medical Services
- Charlotte Temple, ARC
- Mobeen Rathore, MD, CPE,FAAP,FIDSA,FACPE -Professor and Associate Chairman Chief, Pediatric Infectious Diseases and Immunology, Wolfson Children's Hospital And Hospital and General Academic Pediatrics
- Rebecca Filipowicz, MPH, MS, CHESCoordinator for the Center for Health Statistics, Institute for Public Health Informatics and Research, Duval County Health Department

The committee met at Children's Medical Services (CMS).

The committee discussed how the first coalition meeting went. All that attended felt it was a good meeting but still lacked provider representation. Jerry Bridgham felt we should have an alternate plan for soliciting feedback from providers such as small focus group meetings with 2 or 3 providers. He and Dr. Wood will try to get that set up.

The group looked over the vision statements created from the first coalition meeting and brainstormed vision statements with this input. This vision statement was decided on for this time but will still solicit input from the coalition.

We envision:

A continuum of comprehensive, accessible, and quality healthcare for youth and young adults with disabilities and special needs living in Northeast Florida.

The committee discussed the next meeting location and felt that CMS or ARC would be good places to hold them instead of the University Park Library. Rebecca will send Charlotte Temple an email to remind her to reserve the conference room at Arc.

Rebecca reminded everyone to send the community themes and strengths assessment to anyone that would have good insight into the questions. Dr. Bridgham mentioned that he was going to meet with Mike Lanier at Baptist to complete the questions.

Rebecca showed the committee a copy of the worksheet to be completed on asset mapping. The committee felt this was too specific and we wouldn't be able to get meaningful information for this form. Rebecca will send out some potential formats for soliciting this information at the next coalition meeting.

Rebecca also asked the group about potential sponsors for the last 2 coalition meetings to provide food. Committee will send suggestions if they have some.

Rebecca will send out doodle poll for the next steering committee meeting.
