| Website: | with Ms. Delbeer. During the presentation, Ms. Delbeer referred potential patients from one of her referring health care providers who were interested in learning more about the services offered at the WCF. Ms. Delbeer also spoke about the importance of community partnerships and how these partnerships can help to improve health outcomes for communities. She emphasized the importance of collaboration and communication between different stakeholders to achieve better health outcomes. The WCF offers a variety of services to support families and individuals, including mental health counseling, substance abuse treatment, and health education. Ms. Delbeer invited attendees to join the WCF and contribute to the work they are doing to improve the health of the community.

### Key Takeaways
- Ms. Delbeer shared that the Medical Legal Partnership and the Coalition of the Northeast have developed a partnership to provide legal services to children in need. This partnership has been successful in helping children navigate the legal system and obtain the necessary support to improve their lives.
- Ms. Delbeer emphasized the importance of community partnerships and the role they play in improving health outcomes. She encouraged attendees to consider partnering with organizations to support the work of the WCF.

### Action Items
- Attendees were encouraged to consider attending the WCF's next meeting to learn more about their work and how to get involved. 
- Attendees were also encouraged to consider joining the Coalition of the Northeast and other local organizations to support their work.
